

**Writing Formulas from Names of Ionic Compounds
Let's Practice!**

Write the chemical formula for barium nitride.

**Writing Formulas from Names of Ionic Compounds
Let's Practice!**

Write the chemical formula for magnesium oxide.

**Ionic Binary Compounds
Let's Practice!**

Name the compound MgBr_2 .

**Ionic Binary Compounds
Let's Practice!**

Provide a formula for sodium oxide.

**Writing Formulas for Ionic Compounds
Let's Practice!**

Name the compound Al_2O_3 .

**Writing Formulas for Ionic Compounds
Let's Practice!**

Write a chemical formula for calcium sulfide.

**Naming Compounds Containing Metals with Multiple Charges
Let's Practice!**

Name the compound FeS .

**Naming Compounds Containing Metals with Multiple Charges
Let's Practice!**

Name the compound CrCl_3 .

**Naming Compounds Containing Metals with Multiple Charges
Let's Practice!**

Write a formula for the following compound.
Copper(I) oxide

**Naming Compounds Containing Metals with Multiple Charges
Let's Practice!**

Write a formula for tin(IV) fluoride.

**Binary Compounds Containing Two Nonmetals
Let's Practice!**

Name the following compound.
 P_2O_5

**Binary Compounds Containing Two Nonmetals
Let's Practice!**

Name the following compound.
 CCl_4

**Binary Compounds Containing Two Nonmetals
Let's Practice!**

Name the following compound.
 SO_2

**Binary Compounds Containing Two Nonmetals
Let's Practice!**

Name the following compound.
 N_2O_5

**Binary Acids
Let's Practice!**

Name the following compound.
 H_2S

**Binary Acids
Let's Practice!**

Name the following compound.
 HI
